

Scan Documents Directly to Square 9 GlobalSearch® C2 without a PC

Square 9 GlobalSearch® C2, Cloud Hosted Enterprise Content Management

Improve Productivity with Better Access to Information

Capture, share, and manage business information securely and stress-free. GlobalSearch® C2 provides the ability to collaborate with teams around the world through a central, accessible, and searchable cloud hosted document management platform.

Dedicated and Customizable Document Scanning Kiosk

The Plustek eScan optimizes your GlobalSearch® document management by letting you add your metadata directly to the scanned document before saving it into the database. Individual logins with custom presets make for a highly secure and efficient scan process.

The eScan offers a full-color, intuitive interface that makes Square 9 GlobalSearch® accessible to everyone without extensive training. No matter what industry you work in, the eScan document-scanning kiosk can easily fit into your document capture workflow.

- Customized individual account settings for required or repeated tasks
- Barcode recognition automatically separates documents for easy bulk scanning
- Scan documents directly to GlobalSearch archives and apply metadata from the touchscreen
- Also scan to network shared folders and USB devices
