The Square 9 Promise

Customers and partners trust Square 9 to deliver innovative solutions, best-in-class service, and a reliable ROI, providing regular feedback across top review platforms.

Centralized Document Storage

Store, organize, and retrieve all your documents in one secure, easy-to-access digital repository. Say goodbye to manual filing and endless paper trails.

Manage Automated Workflows

Streamline business processes with built-in workflow automation. Route documents to the right people at the right time, reducing delays and eliminating bottlenecks.

Seamless Integration

Easily integrate Square 9 ECM with your existing systems, including CRM and ERP platforms. Leverage complete visibility into your processes from a single interface.

Enhanced Security & Compliance

Keep your sensitive data safe with robust encryption and access controls. Ensure your business stays compliant with industry regulations, like SOC and HIPAA.

Highly Reliable Service

With 99.9% uptime and SOC 3 and HIPAA compliance, our team does everything in their power to ensure your information is safe and accessible to you.
